## ***Alaska Native Vietnam Veterans Land Allotment***

If you are determined to be eligible by DoD, BIA, and BLM, you will be notified with a direct mailing in 2020. If you do not receive notification, it means that either that the contact information the government has for you is incorrect or you were not found to be eligible. During this time, it is imperative that you ensure your contact information is kept current with the BIA.

## **TRIBAL WEATHER STATION**

We recently put in a tribal weather station with the help of USDA, NRCS, and POW-TDC.

These weather stations help educate tribal youth using Science, Technology, Engineering, and Mathematics (STEM) model.

NRCS will provide training and support for these weather stations.

## **NOTICE OF CLOSING THE METAL SCRAP YARD AREA**

Within the next couple of months, Shaan Seet will be having a barge coming to collect the scrap metal.

Once they collect this round of scrap metal, we will not be reopening the area. If you have vehicles or scrap metal to get rid of, get ahold of us to sign the correct paperwork and schedule drop off times.
